

Adobe Fireworks Advanced

OBJECTIVES

Create complex images by drawing shapes and paths, working with layers and masks, and applying effects and image adjustments. Students will also develop interactive buttons, rollovers, pop-up menus, image maps, and animation.

Duration: 1 Day

1. COMPLEX SHAPES AND PATHS

- Freeform drawing
- The Pen tool

2. LAYERING AND BLENDING

- Layers
- The grid
- Masking and blending modes

3. EFFECTS AND IMAGE ADJUSTMENTS

- Styles
- Graphic symbols
- Adjusting images
- Retouching images

4. INTERACTIVE GRAPHICS

- Buttons
- Rollover effects
- Pop-up menus
- Image maps

5. ANIMATION

- State-by-state animation
- Automated animation
- Exporting animations

6. EFFICIENCY BOOSTERS

- The Find panel
- The History panel
- Automation
- Custom keyboard shortcuts
